awards|forum

Dear Friend,

What you are doing for the environment and the economy is significant. Please tell us about the good job you are doing and enter the 2020 [Green Fleet Awards](#) contest. It is **FREE** to enter and **open to both governmental and commercial fleets anywhere in North America**. Entry deadline is July 27, 2020.

We announce the results at a special pre-conference for the [Sustainable Fleet Technology Conference](#) on August 25 in Durham, NC.

Then, the top 50 Green Fleet Award **winner**s are published in the **NAFA publication "FLEETSolutions."** [NAFA](#) is the world's largest not-for-profit membership association for individuals who manage the fleets for their employers, so that is some great visibility for the winners!

It is time to let the taxpayers know what a good job you are doing. **The biggest myth in fleet is "everybody knows we are doing a good job"...NOT!** We have to show them by demonstrating abilities expressed through the Green Fleet Awards contest. Take an inventory of your skill set, see where you stand with the best-of-the-best in government and commercial fleets in the Americas.

Remember, writing is a skill just like leadership is. Our lives are determined by the decisions we make that reflect our values. You, as a good steward of the environment, are not going to pass on more cancer-causing pollution to the next generation...it isn't fair. Not on your watch.

Demonstrate that you are a shining example of what can be done with alternative fuels by **1) entering the contest before July 27** then **2) joining us in Durham on August 26-27, 2020** with the other top 50 Green Fleets Award winners.

Lets get 'er done.

[Download the Green Fleet Awards app now!](#)

The contest would not be possible without the kind support of our **2020 Green Fleet Awards and Green Fleet Forum sponsors**. Please [click here](#) to visit their websites.
