

# 100 BEST FLEETS

## The Port Authority of New York & New Jersey, NAFA, Clean Cities & The 100 Best Fleets in The Americas™

Present:

### Solutions to the Biggest Fleet Challenges in 2019; Best Practices from *The 100 Best Fleets*

Join us for an interactive, round-table discussion with *The 100 Best Fleets* managers in New York and New Jersey facilitated by:

**Robert "Bob" Martinez**  
**Deputy Commissioner**  
**Support Services, NY Police Department**

The NY Police Department has been one of *The 100 Best Fleets* for 15 years of sustained excellence. **Bob is responsible for vehicles for 54,000 officers.** He will explain his best practices that you can implement the next day. He wrote a “white paper” on how to motivate public employees without using money that was selected for the Harvard MBA class. Harvard brought him back twice to deliver this groundbreaking research.

**Alex Alfonso**  
**Fleet Director**  
**Fleet Management Miami-Dade County, Florida**

Miami-Dade County was named the **#1 winner of *The 100 Best Fleets in the Americas for 2019***. Alex will discuss their best practices that are scaleable in your own operations. This is a rare opportunity to learn from the best.

**Jim Hineson, Jr.**  
**Automotive Supervisor**  
**The Port Authority of New York & New Jersey**  
**Fleet Manager of the #1 Winner of the**  
**Green Fleet Awards for 2016**

Jim presently has over **50 pilot programs for research and development** in his operation. This presentation could shorten your learning curve by 5 years. It can also help you prevent mistakes that no one can afford in today’s economic climate. This is need-to-know information.

**Robert Hough**  
**Director of Infrastructure and Operations**

## Municipality of Princeton, NJ

Robert will describe how he was able to join with other cities for “**shared services**” reducing duplication of expenses, saving millions of dollars and setting a “business model” for the entire state to economize operations.

**Pam Frank**  
**CEO**  
**Charge EVC**

Pam will discuss EV legislation in New Jersey. **Electric Vehicles** require no fossil fuel, no oil, have greatly reduced maintenance costs and are clean air. Funding and chargers are available.

**Chuck Feinberg**  
**Chairman and President**  
**New Jersey Clean Cities Coalition**  
**New Brunswick, NJ**

Chuck will discuss all types of alternative fuels and funding for them. One fleet ran on **zero fuel costs** with the tax incentives that were included. New Jersey is starting a second round of funding; it is your money, you need to take advantage of it. In some select cases, the chargers for EVs are FREE.

**Friday May 17, 2019; 9 a.m. to 2 p.m.**  
**Newark Liberty International Airport Building**  
**79 Brewster Road, Newark, NJ 07114**

The investment in your personal & professional career (which **includes lunch and a tour of one of the most diverse equipment facilities in the country**) is just:

- \$95 dollars for members of NAFA or Clean Cities
- \$125 for non-members.

***Space is limited. Please reserve at your earliest convenience.***  
***Satisfaction guaranteed. Work smarter, not harder!***

**Register for The 100 Best Fleets Forum in Newark, NJ**
